

Abundance Needs Peace and Happiness

Karate Chop Point

Even though I want more in my life, and I am so worried about my future right now, I love accept and forgive myself

Even though I am looking at so many financial problems, so many bills and not enough coming in, how am I going to make this all work, I am so angry with everything, I deeply and completely love accept and forgive myself.

Even though I am finding it hard to come to a place of peace when so much is wrong, I cannot find happiness when so many things in my life are so wrong, my future looks so bleak, my future looks so unhappy, how can I find abundance when all I see is debt all around me, how can I find my peace and happiness, how did I get to this place, but even though I am in this situation, right now I choose to deeply and completely love and accept the whole of me anyway.
